FIVE MEN DEAD AT HOT SPRINGS.

County and City Officials Clash and a Fierce Riot the Result.

MUCH EXCITEMENT PREVAILS THERE.

All Saloons Were Closed and One Hundred and Fifty Special Officers Were Sworn In.

TWO BATTLES OCCUR NEAR EACH OTHER.

In the First Four Men Lay Dead Upon the Sidewalk, and One Killed in the Second—A Terrible Street Battle in Texas.

Hot Springs, Ark., March 17.—Peace and quiet prevails in this city today, although details of yesterday's bloody street riot in which five well-known citizens were killed, are eagerly discussed on the streets.

Governor Jones has arrived from Little Rock and the presence of the state's chief executive has done much to pacify the community. Judge Belding, who was sworn in as chief of police, has appointed 150 special policemen, and the entire city is being paroled by these officers.

There are many conflicting reports as to the cause of the riot, one report is that the hot municipal political campaign now going on is responsible for the affair, and this is considered the correct version.

Sheriff Williams was elected at the last election as an independent candidate in opposition to the regular Democratic nominee, and since then has been looked upon as the head of a very strong faction in local politics.

At the coroner's inquest it is believed the details of the shooting will be brought to light.

Hot Springs, Ark., March 17.—Five men are dead as the result of a terrible riot which occurred here between some of the most prominent men identified with local politics. The affair is the outgrowth of the campaign for city officer which has been growing hotter and hotter each day for several weeks.

The dead are:
T. C. Toler, chief of police.
Tom Goslee, sergeant of police.
J. E. Hart, city detective.
Louis Hinkle, a business man.
John O. Williams, son of the sheriff of Garland county.

Ed Spears, a deputy sheriff, shot through the neck and will be probably fatal.

As a sequel to a street duel between Policeman Tom Goslee on one side and Sheriff R. L. Williams and his son, John O. Williams, on the other, a fearfully bloody riot occurred at 5 o'clock this afternoon. It was the most horrible affair in the history of Hot Springs. The memorable Flinn-Doran riot of 1884 did not compare to it in terrible results. It was a bloody sequel to the affray earlier in the evening, in which Goslee and Williams participated. A portion of the police faction headed by the chief and a portion of the Williams faction met on the sidewalk in front of Lem's beer depot and the furious firing began.

The police were going down the street and the other party was coming up. Who began the affray cannot now be learned, as nearly all the principals are dead. Fifteen or twenty shots were fired.

The streets were crowded with people and the wildest excitement prevailed. Chief of Police Tom Toler, his sergeant, Tom Goslee, of the police faction, lay dead upon the sidewalk. On the other side John O. Williams, son of the sheriff, lay mortally wounded and Ed Spear was shot and cut in the neck. Louis Hinkle, the driver of Schwartz's beer cart, was killed by a stray bullet. Hinkle was not a participant in the feud.

Sheriff Williams was not present when the battle occurred, but soon appeared and on learning of the death of his son, became frantic. His brother, Coffee Williams, and nephews, Sam and Will Watt, were with him and all were armed and crazed with grief. About 20 minutes after the main battle another affray occurred in which four or five shots were fired. This occurred on the sidewalk a little below where the other dead bodies lay. The great multitude which had gathered stampeded in the wildest excitement, tumbling over each other in every direction. In this fusillade Detective Jim Hunt went down

with the whole top of his skull blown off.

Pandemonium reigned for an hour and crowds of citizens and visitors rushed up and down the streets. When a stir occurred stampedes would take place at once. Finally Constable Sam Tate and Deputy Jack Archer succeeded in quelling the excitement to some extent and cleared the streets in the vicinity of the awful scene. A big freight wagon was ordered up and the bodies were loaded into it and taken to

Cross' undertaking establishment.

When the news of the tragedy was conveyed to the homes of the dead men the shrieks of anguish from wives, mothers and sisters were heartrending.

Besides his father, John Williams leaves a mother, and three grown sisters. Goslee leaves a wife and children, the youngest an infant. Toler has no relatives here. Hart leaves a wife and children, and young Hinkle, the innocent victim, has relatives here.

Citizens of all kinds are terribly aroused over the affair and are determined to restore order at all hazards. They are determined to maintain the peace and the governor will be asked to remove Sheriff Williams temporarily at least and appoint some other man to act in that capacity.

Judge Boldin was sworn in as chief of police last night, and after a citizens' mass meeting, there are 150 special officers patrolling all parts of the city. All saloons and sporting houses were closed for the night, many having quit business immediately after the tragedy. The Williams have many relatives who are armed and more trouble is anticipated from this source. A brother of Hinkle was on the street with a 45-calibre gun looking for a man who he believed took advantage of the opportunity to kill his brother.

Goslee was the first man killed. John Williams firing three shots into his body. The riot is said to have commenced when Goslee, meeting Williams after the trouble with his father, offered to shake hands and be friends. Goslee fired as he fell and died, believing he had killed Williams at that time. Williams was shot through the head, the ball entering above the left ear and lodging in the brain.

Hinkle was shot through the head and body, the bullets supposed to have come from Ed Spear's weapon who was shooting at Hinkle.

All the men were considered brave and never knew what it was to run.

STREET FIGHT IN TEXAS.

At Columbus Two Men Are Killed and a Boy Badly Wounded.

Columbus, March 17.—A terrible battle occurred on Main street in front of Brunson's saloon at 5:30 o'clock yesterday evening and as a result Charles Baeme and ex-Sheriff Sam H. Reese are dead and John Williams, a boy 7 years old, is seriously wounded in the hip.

Deputy Sheriff Willie Clements and Marion Hope are in jail and Ed Scott is under arrest at Glidden and is being conveyed here.

Scott had been in jail for several months charged with burglary, and having been released by the grand jury he became involved in a difficulty with Deputy Clements, at which time Mr. Reese came up and a general fight ensued with the above results.

At least 15 or 20 shots were fired, principally by Reese and Clements, but others participated in the shooting.

Mr. Baeme and John Williams were bystanders and took no part in the fight.

Reese and Baeme both died within a few minutes and never spoke after the shooting.

The difficulty between Reese and Clements dates back to the last election. Clements is Reese's nephew and is a deputy sheriff under Sheriff Burford, who defeated Reese in the election.

Patterson Fatally Shot.

Cincinnati, March 17.—James Patterson, a well known character and prominent in local politics, was fatally shot by James De Pugh, a lookout at one of the gambling establishments in this city. Patterson was standing at his dooryard with his wife when De Pugh fired five times at him. The fatal wound is in the abdomen. Mrs. Patterson was shot in the wrist.

Fought Over Candidates.

St. Louis, March 17.—In a fight over candidates at the grand avenue and national bridge road "Bud" Price, a negro, and Edward Osterhide, were shot and almost instantly killed. The fight took place in front of a saloon and a number of shots were fired into the crowd that had collected, but Osterhide and Price were the only persons hit.

TEXAS LEGISLATURE.

The Governor Vetoes the Austin and Northwestern Purchase Bill.

Austin, March 17.—The veto of the governor of the bill permitting the Houston and Texas Central railroad to purchase, conduct and maintain the Austin and Northwestern railroad may be said to have been a great surprise to the legislators. It was not, however, any surprise to the railroad men. They were prepared for it and have been for several days. A bill of like character was passed by the legislature during the gubernatorial life of Governor Culberson and it was vetoed

by him. The senate passed the bill over veto, but he was sustained by the house. When the veto was read yesterday it was at once sent to the senate committee on internal improvements. The message was only submitted to the senate, because it originated in that body.

The existence of a suit to forfeit the charter of the Austin and Northwestern railroad and the probable prejudice to the side of the state in the courts if the consolidation is permitted is one of the grounds for the veto. But behind that is the expressed opinion that the law might be unconstitutional.

The senate devoted the entire time to the general appropriation bill, after disposing of a few unimportant measures. The house passed a number of bills, but none were of special importance.

TEXAS RAILROAD CLUB

Meets in Bryan Next Month— Two Hundred Expected.

The Texas Railroad Club, it will be remembered, meets in Bryan April 17 and 18, and active preparations will be begun in a few days to arrange for the entertainment of the members, who will be here about two hundred strong on a special train, accompanied by their wives and daughters. Bryan and College will join in entertaining the visitors, who are all practical railroad men, and it is anticipated that the mechanical department of the College will be benefitted by the presence of these visitors, much in the same way as the agricultural department is benefitted by the meeting of the Farmers Congress, which will also be held at College again this year. Let everybody lend a helping hand to make the meeting of the Texas railroad men here a complete success. President Grant of the club, and Mr. E. B. Cushing, who were here some time ago to arrange for the meeting, also visiting the College, were much pleased with the outlook.

According to the "Annual report of the financial condition of Robertson county" as published last week the total indebtedness of the county is \$87,117.62.

Clarke & Dancy will have a car load of the celebrated Albatross flour in time for their opening.

IMPROVED COTTON.

For Trial by Readers of The Eagle.

The Eagle has purchased several bushels of cotton seed of the varieties named below, for free distribution in small lots among the subscribers of this paper, to be planted by them this year for experimental purposes. There is no charge for them whatever, a simple application by mail or in person, being all that is necessary to procure them, with only this condition: that the recipient agree to properly plant and cultivate them, giving such distance from other kinds of cotton seed as will insure their not being "mixed" or hybridized with other kinds; also agreeing to report results as appear to him.

The seed will be distributed from The Eagle office, but of course we cannot afford to pay express on them to parties living away from Bryan, so can only deliver at our office.

These seed are now in The Eagle office. Parties who are to get them must make application before March 25th. The seed will be given out after that date, but only to those who have previously applied for them. If you want a trial package, make application by messenger, mail, or in person, as soon as you read this. We want your name on the list of those who try the experiments.

The kinds of seed embraced in this lot are Lowry's Prolific, Beck's Big Boll, Dixon's Improved, Sure Fruit and Peerless, and an article descriptive of their peculiarities in yield, value of the lint, etc., may be found in the Weekly Eagle of this week, in an article written by Prof. B. C. Pittuck, Agriculturist of the Texas Agricultural Experiment Station, giving the results of

trials by the Experiment Station for several years past, at College Station.

Two pounds will be given to each applicant, which we believe, with proper care, will plant something near two-fifths of an acre, producing enough seed to make a good planting the next year.

These seed we purchased from the Texas Experiment Station, which is the best guarantee that they are pure in variety.

W. A. JOHNSON.

Mr. W. A. Johnson died at his home here yesterday afternoon after a lengthy illness from paralysis. Mr. Johnson was born Dec. 5, 1849, at Troy, Ala., and was in his fiftieth year. He came to Texas in 1873, settling near Wheelock and a few years later moved to Brazos county. For a number of years past Mr. Johnson has made his home in Bryan.

He leaves one son, Osborn Johnson, 14 years of age, and brothers and sisters named below: Dr. O. S. Johnson, Navasota; Dr. E. H. Johnson, Miss Viola Johnson, Mrs. R. B. Chapman, Mrs. W. B. Rainer, Mrs. T. E. Murphee, Troy, Alabama; Mrs. M. A. Benbow, Bryan.

Mr. Johnson was a member of the Methodist church, A. O. U. W., K. O. T. M., W. O. W. and Masons and was a director of the Merchants and Planters National bank of Bryan. He was a good man who enjoyed the esteem of his fellowmen, and lived an industrious and successful life until stricken down, and then he bore his suffering with fortitude.

Mr. Johnson was married in Crenshaw county, Ala., to Miss Gussie Skains, whose death occurred several years ago.

The funeral service will be held at his late residence this morning at 10 o'clock by Rev. J. B. Cochran, and the burial will take place at Alexandria Chapel.

An old man would not believe he could hear his wife talk at a distance of five miles by telephone. His better half was in a country store several miles away where there was a telephone and the skeptic was also in a place where there was a similar instrument and on being told how to operate it he walked boldly up and shouted: "Hello Sarah!" And that instant lightning struck the telephone and knocked the man down; and as he scrambled to his feet, he excitedly cried: "That's Sarah—I recognized her voice."

Miss Viola Allen, the "star" of Hall Caine's dramatization of his popular novel, "The Christian," has always aspired to be an author. She has said that there are two things which she had rather do than act: write a book, or be a trained nurse. She will now make her literary debut in an article which she has written for The Ladies Home Journal, reciting and explaining fully "What the Life of an Actress Means."

The Hon. Luther Manship's "Evening of Song and Story" last night at the Auditorium was a rare treat of elocutionary art and character delineation. His facial expression and mimicry are perfect, and he held the attention of the delighted and appreciative audience from beginning to finish with his easy, transition from dreamy flights of poetic fancy to deep pathetic sympathy and side splitting humor. Those who appreciate an evening of refined humor should not fail to hear this gifted genius tonight at the Auditorium.—Beaumont Journal.

A CLASH IN ALASKA.

American and Canadian Miners Fight and Four Men Killed.

New York, March 17.—A special dispatch to The World from Vancouver, B. C., says:

Carl Slummerfelt, a German, who was a passenger on board the steamer Lees, which arrived here from the Lynn canal, brought the news that a battle had been fought between Canadian and American miners a few miles off the Dalton trail, four men reported killed outright and a number of others are said to have been seriously wounded.

When the alien mining law of British Columbia was enforced a few months ago the American miners left Atlin, the new Canadian gold district, and struck north. They found, a short distance off the Dalton trail, on the Porcupine river, a district rich in placer gold. It was generally conceded that the new placers were in American territory and the miners vowed that no Canadian should stake a claim.

Some Canadian mounted policemen, however, did stake claims in the American territory and justified their act by moving the Canadian flag from Mount Pleasant on the trail so as to make the line take in a rich part of the district. They are followed by at least 40 Canadian miners, who are locating claims. A fortnight ago about 100 miners held a meeting and decided to send notices to all Canadians to leave the country within five days.

The notices were sent out but no heed was paid to them.

Slummerfelt, who left the Porcupine district two weeks ago says: "Early on the morning of the 6th the American miners met and proceeded to the Canadian camp. I do not believe they intended bloodshed, although they were fully armed. Before they could even state the object of their visit some one, I do not know from which party, fired a shot, and then every one seemed to be shooting. Several rounds were fired, and four men, I was told, were killed outright—an American and three Canadians."

"The battle was very brief and resulted in the Canadians, about 50 in number, flying across the border. The Americans then retired to their own camp. I was informed that the following Americans were leaders in the battle, but cannot say for certain: C. G. Lewis and Charles Leitch of Los Angeles, W. S. Hawes of Minnesota, A. McConaghy of Chicago and F. Will Borough of Denver."

"I did not ascertain the names of the killed. From my location about 10 miles north of the Porcupine river I heard that squad of Canadian northwest mounted police had left Lake Tagis for the Porcupine, the news having reached them. The Americans are determined and I fear there will be another conflict. "There is no doubt in my mind but that the new district is in American territory."

Slummerfelt's story is unconfirmed but reports received from the district predicted a clash if the Canadians did not leave the territory.

Five Persons Poisoned.

Venus, Tex., March 17.—Four miles west of town Rev. J. H. Strickland, wife and baby and Mack Strickland and wife were poisoned with arsenic in bread. The baby is dead and it is thought that Mack Strickland will die. The house occupied by Mr. Strickland was used as a dwelling by other parties last year and when they moved out a can of the poison was left in the closet and it is supposed it was mistaken for a can of baking powders, as one was sitting on the same shelf.

Troops Asked For.

Denver, March 17.—A dispatch was received by Governor Thomas from Sheriff J. W. Deck of Hinsdale county asking for troops to aid him in enforcing the law at Lake City. It says 100 or more armed men, mostly Italians, are defying the law. Arrangements are being made to send a company from Denver.

List of Scurvy Victims.

Seattle, Wash., March 17.—A special from Valdez, Alaska, gives the following list of those who have died from scurvy in the Copper river district this winter: S. Milligan, Los Angeles; John Rohr, Honolulu; Nick Urman, Pittsburgh, Pa.; Jack Haden, San Jose, Cal.; D. G. Cushman, Meadville, Mo.; Dan Manard, Meadville, Mo.

Fatal Overdose of Morphine.

Trinity, Tex., March 17.—John Bruce Moorman died here from the effects of an overdose of morphine. His home was in Roanoke, Va. He was 32 years old and an employee of the Southwestern Telegraph and Telephone company.

Serious Prairie Fires.

Claude, Tex., March 17.—Prairie fires to the southwest of town have done severe damage to farms and ranches. At one time it was feared that the flames might reach this place.

Gradually Sinking.

Washington, March 17.—Ex-Governor Thomas C. Fletcher, Missouri's war governor, who was paralyzed at his home here three weeks ago, is gradually sinking and the end is expected at any hour.

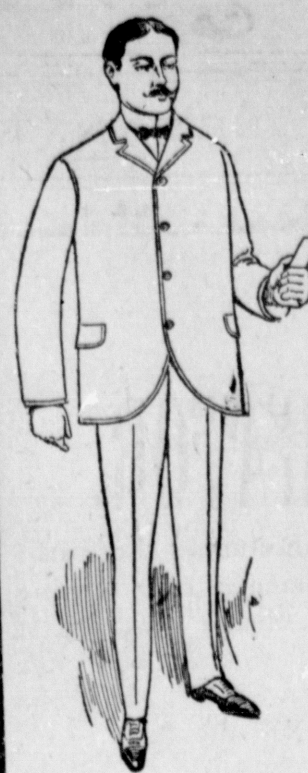

Ben Hutchins Dead.

Chicago, March 17.—Benjamin P. Hutchins, at one time the leading grain speculator in the United States, died at Lake Geneva, Wis.

You cannot expect to receive proper druggist services in a general merchandise establishment any more than you can expect an Eye doctor to properly pull your teeth, it is rational to suppose that a man who devotes his time and attention to one thing can do that one thing better than he who tinkers with many things—giving none the proper time and attention. For this very reason we can give you the best service in the Drug and Prescription line—we devote our time to it exclusively, and to properly attend to a drug business assuredly requires ones whole time and attention. How many druggists in Bryan give the requisite time and attention to the "drug part" of their business? You can count them. We give the Drug business its proper attention, hence we can serve you the best in the drug line.

THE PALMETTO LYNCHING
Governor of Georgia Expresses Himself
Very Plainly on the Matter.
Atlanta, March 17.—Governor Can-
dler is very bitter in denunciation of the
work of the mob at Palmetto, a little
town on the Atlanta and West Point
railroad 25 miles from here, in which
four negro prisoners were killed and
three wounded, one seriously. Gov.
Candler attributes the trouble to the
fact that negro regiments have been
passing through the country and the
sight of them placed in the minds of
the negroes a spirit of boldness.
"The Palmetto lynching was as deplor-
able as it was bloody and cowardly,"
said the governor. "It is true the town
was burned at night time, endangering
the lives of all its women and children.
It is true I offered heavy rewards for
the apprehension of the incendiaries and
these negroes had been arrested and
some of them confessed the guilt and
implicated others in the crime, but it
was cowardly and barbarous to slaughter
them as that mob did, for they had been
arrested and were in the hands of offi-
cers of the law awaiting committing
trial. The law is adequate for the pun-
ishment, and there is no doubt their
speedy trial and punishment was as-
sured."

Quiet at Palmetto.
Palmetto, Ga., March 17.—The Cap-
ital City Guards of Atlanta, who were
sent here by Governor Candler to aid in
preserving order have left for home.
John Bigby, one of the men wounded
by the party of lynchers, is still alive.
The other wounded men will recover.
No action looking to an investigation
of the affair has yet been taken by the
county authorities.

MORE GOLD THAN EVER.
The Amount in the Treasury and in the
Banks Largest Ever Known.

New York March 17.—There is more
gold in the possession of the United
States treasury and of the banks now
than any time for many years. The total
gold held by the treasury three years
ago was \$128,000,000. The total now is
more than \$241,000,000. The total gold
held by the national banks on May 7,
1896, was \$137,771,800. These banks
held on the date of the last call Feb. 4,
1899, \$321,914,796. This shows an in-
crease of \$114,000,000 in the gold held
by the treasury and \$164,000,000 in the gold
held by the national banks. It is as-
sumed that the amount of gold held by
private banks has increased in the same
proportion, though no accurate statistics
can be obtained. There is also consid-
erable gold in general circulation, as the
government for some time has been pay-
ing out gold very freely, so as to relieve
as far as possible the demand for paper
currency.

St. Louis Will Get It.
St. Louis, March 17.—Secretary of the
Interior Hitchcock has received a dele-
gation from the Business Men's league
on the question of the establishment in
St. Louis of a warehouse and sample
room for Indian supplies. The secretary
asked a number of questions as to
details. He expressed satisfaction at
the conference and asked to be furnished
with facts and figures. He said that he
had taken the matter up with commis-
sioner of Indian supplies and was al-
ready able to promise that the next bid-
ding for supplies would be open in St.
Louis.

A Floating Island.
Havana, Ills., March 17.—A floating is-
land between one and two acres in extent
and from four to five feet thick, has
come down the Illinois river. It collided
with a cabin boat and smashed in the
keel and landed it ashore. The island
next struck a pier of the wagon bridge,
violently shaking the structure and
throwing crossing horses from their feet.
The island is now stranded between the
pier and shore and the city authorities
contemplate blowing it up with dynamite.

Beef Court of Inquiry.
Kansas City, March 17.—The army
beef court of inquiry arrived here and
went promptly to Armour's Packing
plant to investigate the methods of pre-
paring beef. As the beef was supplied
alone by the local firm of Armour, no
other plants here will be investigated.
After the testimony here the commission
will go to Fort Leavenworth, Kas., and
take evidence. The commission may
remain in this vicinity until Sunday.
They will return to Chicago before fi-
nally going back to Washington.

Female Nurses Discharged.
Anniston, Ala., March 17.—The fe-
male nurses who have been at Camp
Shipp field hospital were discharged.
Orders were also received directing the
field hospitals to be closed Monday and
the patients removed to the regimental
hospitals. The hospital corps was or-
dered to proceed to Savannah next Mon-
day. Lieutenant McCloud who has been
in charge of the field hospital was or-
dered to report at Fort Sioux, O. T. Orders
also came directing the muster out of a
number of volunteer officers here.

Denies Incendiarism.
Atchison, Kas., March 17.—Mrs. E. S.
Reynolds, the Atchison widow who was
suspected of having set fire to a number
of barns and who attempted suicide by
shooting herself last Saturday night,
after having been arrested in male at-
tire, is improving and will recover. She
denies that she had anything to do with
the fires and says she appeared on the
street Saturday night in men's clothing
to avoid attracting attention.

Princess Kaiulani Dead.
San Francisco, March 17.—The
steamer China from the orient via Hon-
olulu, brings news of the death of Prin-
cess Kaiulani on the morning of March
6. The cause of death is attributed to
inflammatory rheumatism. The princess
was born Oct. 16, 1875.

SERIOUS WRECK ON THE ROCK ISLAND.

Passenger Train Goes Into the Ditch Not Far from Topeka.

ONE MAN KILLED IN THE WRECK.

Twenty-Six Passengers and Trainmen Injured, Two of Them Being Seriously Hurt.

PORTION OF THE TRAIN DESTROYED BY FIRE.

The Baggage and Mail, Two Passenger Coaches and a Chair Car Burned.

Another Serious Wreck in Kentucky.

Volland, Kas., March 17.—The east bound passenger train No. 3, in charge of Conductor Thomas, jumped the track just west of this place today on the Rock Island road, throwing the tank, the baggage car and smoker car down the bank and leaving the chair car partly tipped over. The train caught fire and the flames destroyed the combination baggage and mail car, two coaches and the chair car. Twenty-six passengers were injured, two seriously and William Foreman of Kansas City, train baggageman, was killed.

The following is the list of the injured:

W. G. Means, mail clerk, Kansas City, shoulder and back injured.

C. W. Swartz, mail clerk, Kansas City, head and left leg and both arms cut.

George W. Giles, mail clerk, Kansas City, neck hurt.

W. J. Cleming, Columbia, Mo., side hurt and leg bruised.

D. R. Keene, Columbia, Mo., cut on head.

Charles H. Penn, Ashland, Mo., cut on hand.

Miss Madge Farrar, Sterling, Kas., back wrenched.

W. H. Phillips, Watonga, O. T., strained hip and cut in arm.

John Searle, Timber Lake, O. T., leg and arm hurt.

T. A. Sturgeon, Weatherford, O. T., back strained.

Mrs. C. C. Allen, Caldwell, Kas., hip cut and ankle strained.

George W. Lewis, El Reno, O. T., ankle sprained.

H. L. Hall, Topeka, Kas., legs bruised.

Fred W. Casner, Hutchinson, Kas., right side hurt.

James McShadden, news agent, Kansas City, head and face badly cut, nose mashed in and hurt about the body.

H. Coin, Mahleton, Kas., leg bruised.

Mrs. J. H. Beiland, Cooper, O. T., breast hurt and leg bruised.

C. T. Clark, Topeka, Kas., hip strained.

B. E. Bryant, Cloud Chip, O. T., cut on the chin.

A. Warnocke, Fort Sill, O. T., wrist sprained.

John Phillip, Protection, Kas., back sprained.

N. Daniel, news agent, St. Joseph, Mo., knee, arm and neck slightly hurt.

Calvin Green, Velpen, Ind., breast and ribs.

F. H. Massingall, Caldwell, Kas., scalp, shoulder and leg hurt.

Ed Switzer, Garvey, O. T., hurt in the stomach.

Mrs. Sarah Smith, Bethany, Mo., prostrated from the shock.

A relief train with doctors was sent from Topeka as soon as word was received of the accident, and every possible attention was shown the injured. A construction train was soon on the ground and work of clearing the track commenced at once.

Serious Wreck in Kentucky.

Middlesboro, March 17.—In a wreck on the Louisville and Nashville railroad, near Wheeler, nine miles from here, early this morning, caused by a landslide, Charles Painter of Jellico, fireman, was killed and Engineer Charles Shiveley was injured.

Gerónimo Parra's Ill Luck.

Santa Fe, N. M., March 17.—Gerónimo Parra, whose seven years' sentence in the New Mexico penitentiary for larceny and attempting to kill the officer who arrested him at Las Cruces, has just expired, has been handed over to Captain John R. Hughes, of the Texas state rangers, and removed to El Paso, Tex., where he will be held to await trial on the charge of killing Sergeant Funselman, of the rangers' force, 13 years ago, six miles from El Paso, while resisting arrest. Parra was at the time leader of a desperate gang of Mexican cattle and horse thieves, and was regarded as one of the worst men in the country.

Failed to Keep the Agreement.

St. Louis, March 17.—The city of St. Louis has filed suit against the Terminal Railway association and the Union Depot company to forfeit the defendants' bond of \$200,000 given to the city as security for the payment of \$150,000, to a fund for building a bridge when the city might demand it. It is charged that defendants failed to keep their agreement.

PEACE TREATY SIGNED.

Queen Regent Attaches Her Signature to the Document at Madrid.

Madrid, March 17.—The queen regent has signed the treaty of peace between Spain and the United States.

A draft of the treaty of peace between Spain and the United States was signed at Paris Dec. 10, 1898, was approved by the United States senate by a vote of 57 to 27, and soon afterwards signed by the president.

Will Come Through the French.

Washington, March 17.—In the absence of any diplomatic communication between the United States and Spain Secretary Hay expects to receive the first formal notice of the ratification of the peace treaty by the queen regent through the French ambassador here.

The next step must be taken by Spain; that is, she must name a special envoy and notify the United States the probable date upon which he will present himself at Washington with an exchange copy of the treaty of peace. Although in most instances this is little more than a perfunctory ceremony, but in this case the exchange of this treaty details will be of more than ordinary interest, for the occasion will be historical.

THE END IS NEAR.

Evolution in the Philippines Believed to Be at an End.

Washington, March 17.—Advices have been received from Manila which indicate that the climax may occur at any hour. Officials here are very well pleased with the condition of affairs, but will not discuss the details of the dispatches. Indications are that hostilities may end within a very short time. President McKinley has been advised.

ON A GUNBOAT.

A Newspaper Correspondent Tells of His Trip up Pasig River.

New York, March 17.—A dispatch to The Herald from Manila says:

On Monday your correspondent aboard the United States gunboat Laguna de Bay, and accompanied her on the chase of the rebels. She first steamed past the town of Pasig and turned her Gatling guns on the insurgents intrenchments along the shore. The insurgents were so frightened that the women, children, horses, soldiers and carabos fled in hundreds across the open fields toward Laguna de Bay. The gunboat ceased firing, but followed close behind the panic stricken crowd, driving them inland.

On Tuesday the gunboat Oesle joined the Laguna de Bay, both under command of Captain Grant. They made for the channel, which had been blocked by the insurgents, but they finally cleared the way.

On the lake we chased two sailing vessels which were full of insurgent troops. Both vessels refused to surrender and ran ashore, the troops escaping in spite of our fire.

During Wednesday, while approaching Santa Cruz, the richest city on the lake, we raised a white flag when 500 yards from the shore. A large force of insurgents was intrenched in front of the town, but they refused to confer with us. Then we shelled their position effectively and withdrew to the end of the lake to await the landing of our forces.

More Rebels Taken In.

Manila, March 17.—Company G of the Washington regiment captured 150 additional prisoners near Taguig and also seized some ammunition. Most of the rebels' arms were hidden or thrown into the river.

Engineers erected a temporary bridge across the Pasig for the artillery and commissary trains.

The Twentieth regiment has returned from the front.

NOT IN ANY TRUST.

Major Smith Denies the American Press Association Is in Any Combine.

New York, March 17.—When shown the report from Chicago, regarding a great combination of all the readyprint and plate houses, about to be formed in that city, Major O. J. Smith, president of the American Press Association with headquarters in this city and branches in all of the principal cities of the United States, said:

"The report is utterly without the slightest foundation, and so far as this association is concerned, nothing of the kind has ever been talked of or thought of."

"Long John" Healy Dead.

St. Louis, March 17.—John Healy, who ten years ago was known as a great baseball pitcher, and familiarly designated as "Long John" Healy, is dead in this city of consumption. In 1887 he was one of the American players who made the trip around the world and played in Europe, Asia and Australia. He quit the diamond two years ago and became a St. Louis policeman, but was obliged to give up his position last year on account of ill health.

High Water at Rome.

Rome, Ga., March 17.—The water gauge on the bridge across the Ostanula river stands 29 feet and is still rising slowly. The lowlands on the right bank of the Coosa river, known as Hamilton bottoms, are under water from one to ten feet. The water has penetrated the basements of several stores in the fourth ward and four feet of water covers the car line for several hundred feet in parts of the city.

Money at Havana to Pay Cubans.

Havana, March 17.—The United States transport Meade has arrived here, having on board \$3,000,000, for the payment of Cuban troops previous to their being disbanded, according to agreement.

FIRE MOST FATAL AT NEW YORK.

Windsor Hotel Destroyed and Many Lives Lost in the Fire.

SOME TWENTY PERSONS MISSING.

It Is Not Known Whether They Escaped from the Building or Perished.

MOST OF THE DEAD KILLED IN ESCAPING.

It Is Not Known How Many Are Dead, but the List Will Not Fall Below a Score and May Be Two Score.

New York, March 18.—The Windsor hotel, costing \$1,000,000, was destroyed by fire late yesterday afternoon. The flames originated from the igniting of a lace curtain burst forth from the first floor of the Windsor hotel as the St. Patrick's day parade was passing the building, and in a few minutes they had leaped up to the roof and enveloped the entire Fifth avenue and Forty-seventh street fronts of the hotel.

Ten minutes later the flames were roaring through the interior of the hotel and all escape by means of stairways and elevators was cut off. There was the wildest scene of excitement within and without the building. Hundreds of guests and employees were in the hotel when the fire broke out and for many of them escape with safety was impossible. Probably from 10 to 15 lives were lost within a half hour and 30 or 40 persons injured in jumping from windows and rushing through the roaring flames on the corridors and on the stairways. Many who were injured died later at nearby residences and at hospitals and others who made wild leaps to the stone sidewalk were so badly injured that they are still hovering between life and death.

The flames could not be checked and in two hours from the time the fire broke out the entire structure was in ruins and the streets on three sides of the building were filled with debris from falling walls and chimneys, while the streams of water being thrown upon the interior of the ruins had no other effect than to fill the air with clouds of scalding steam, making it impossible for any one to approach near enough to search for the bodies of those who perished.

Many miraculous escapes were made and firemen and policemen saved the lives of a number of persons. They were cheered time and time again by the crowd.

The guests in the hotels lost thousands of dollars. The hotel was insured for \$600,000, and the contents for \$75,000.

List of dead:

Mrs. Elizabeth Leland, wife of Warren Leland, proprietor of the hotel.
Helen Leland, daughter of Warren Leland, jumped from window.
Mrs. Amelia Paddock, Irvington, N. Y., jumped from window.
Mrs. James S. Kirk of Chicago.
Mrs. M. Price, Macon, Ga.
Miss Laselles Grandy, Elizabeth City, N. C.

Mrs. Addie Gibson, aged 35.
Eleanor Louise Goodman, aged 17.
John Connolly, hotel employee.
Two unknown women.

An unknown man.
The following is the list of missing: Gladys Thompson, Saddle Betts, Annette Upham, Mrs. Alfred De Cordovan, Miss Bradley, Miss Steiner, Miss Catherine Morgan, Warren Guion, Miss Anze, Miss McNulty, Miss H. Buckhorn.

Catherine McCarty, Kate Shea, Mary Jose, Kate McConnell, Mrs. DeMorasch, Mrs. James Brand, Miss Margaret Fuller, Miss Troops, Mrs. (William H. ADDITIONAL PARTICULARS.

Fourteen People Dead, Forty Missing and Fifty-two Injured.

New York, March 18.—The most complete list of casualties at the Windsor hotel fire shows 14 persons were killed, possibly 15, without attempting to speculate on the bodies in the ruins. Forty persons are missing. Fifty-two names are in the list of the injured, whose whereabouts are known.

Three fire engines and 100 policemen remained all Friday night about the burning building.

A gang of men began to search for bodies today at noon.

The Windsor hotel was seven stories high and almost square in form, had a frontage of 200 feet on Fifth avenue and occupied the entire block between East Forty-sixth and Forty-seventh streets. The front center of the building was eight stories in height. It had also two wings each seven stories in height and 75 feet in length. There were more than 500 rooms in the hotel. The building was chiefly of brick. It was thoroughly equipped for fighting fire and had pumps equal in force to six of the most powerful fire engines.

The Windsor was opened in Sept. 1873. For many years it was one the most exclusive hotels in the city, and was in the height of its glory up to 10 years ago. It was the rendezvous of all the great wall street operators from the days of Commodore Vanderbilt and Daniel Drew. The hotel became known as "Wall Street by Night," because of the visits of the great financiers. President and Mrs. McKinley always stopped at the Windsor, and celebrities of all kinds were its guests.

Edward P. Wells, his wife and daughter of Jamestown, N. D., had apartments on the sixth floor of the Windsor hotel on the Fifth avenue side and were watching the St. Patrick's day parade when the fire broke out. They had hardly time to realize that something had gone wrong when the smoke rolled through the corridor and their escape was cut off in that direction. The window was now the only hope, and to jump meant certain death. In this emergency Mr. Wells besought his family to remain calm, and he then proceeded with great deliberation to measure the chances of escape. He first pail out the fire escape rope in the room until he saw that it would reach the ground and hauling it back he quickly but securely fastened it about his daughter's waist.

He then lifted the form of the girl to the window-ledge and slowly allowed it to descend. He wound the rope tightly around his hands and braced his feet against the wall of the room, meanwhile slowly paying out the rope at the end of which dangled the almost inanimate body of his daughter. Smoke and flames shot out at intervals from the windows below, but the passage of the girl was not retarded and in a few seconds she had reached the ground. There she was quickly taken care of by the firemen who released her and the rope was quickly hauled back by Mr. Wells and exactly the same performance was gone through with in the case of his wife,

who had while stood at his side at the window. For the third time Mr. Wells pulled the rope back and after he had seen his family in safety and he then made preparations for his own descent.

He recognized, seemingly, that it would be impossible for him to go down hand over hand and knowing the laceration that would result if he slid down the rope, he first carefully tied up his hands in towels. Then he clambered out the window sill and swung clear. He shot down like lightning, but there were ready hands below to break the fall, and when the handgrips had been removed from the man's hands it was found that he did not have even a blister on them.

A great shout went up from the crowd as they saw Mr. Wells land in safety. He asked for his family, thanked the firemen and others for their assistance.

CHRISTIAN ENDEAVOR.

District Convention to Held
Here Next Month—One Hun-
dred Delegates Expected.

Preparations are now being made for the entertainment of the sixth annual convention of the Galveston District Young Peoples Society of Christian Endeavor, which will be held in this city April 26 to 28 inclusive.

There are twenty-three counties in this district, as follows: Brazos, Brazoria, Chambers, Colorado, Fort Bend, Galveston, Grimes, Hardin, Harris, Jasper, Jefferson, Liberty, Madison, Matagorda, Montgomery, Newton, Orange, San Jacinto, Tyler Polk, Walker, Waller, and Wharton.

There will probably be about 100 delegates at this convention, representing possibly every Protestant denomination organized in this district as it is a well known fact that the Christian Endeavor is composed of members of all evangelical churches.

Rev. J. L. Andrews who is corresponding secretary of the Bryan Union, is trying to reach every society in the district in order to secure the best attendance of any district convention yet held in the state.

The program will be ready in a few days and will be sent. Any one wishing programs sent to

friends out of the city, whether in the district or not can have this done by sending the names to the corresponding secretary or can obtain programs by calling on him.

A committee is now arranging for transportation for the delegates and will announce the rate as soon as made. Any information in regard to the convention can be had by applying to Jas. Mike, president; Will S. Collard, vice president or John L. Andrews, corresponding secretary.

To The Public.

In furtherance of my efforts to stamp out the smallpox which has existed here for two months, I most respectfully request the citizens of Bryan to have every member of their families vaccinated without delay and to also compel their servants to be vaccinated, and in the event of refusal to be vaccinated to notify the health officer and such persons will be required to be vaccinated or suffer the penalty of fine and confinement in the pest house. While the situation is not alarming at all, I still occasionally find a few cases, confined entirely to the negroes, who instead of reporting cases to me are trying to conceal them. I have upon three occasions this week investigated cases among negroes who stated positively that no sickness of any character existed in their homes, but upon searching their houses I have found well developed cases of smallpox. I am satisfied there are undiscovered cases in the city today which rigid inspection will reveal, and hereafter I will punish to the fullest extent of the law all persons concealing cases in their families, and also those who refuse to be vaccinated.

who have good scars to be vaccinated again.

I call upon all good citizens to assist me in this matter and we will soon have our community rid of this scourge.

The business interests as well as the health of this city demand that vigorous measures be adopted, and from this time on I propose to fight this disease to the limit of the law and all persons who violate the quarantine restrictions will be punished severely. All cases of smallpox, or of a suspicious character must be reported to the health officer at once and those not vaccinated must report and be vaccinated without charge. All persons will be vaccinated free.

Very respectfully
Geo. R. Tabor, M. D.
Health Officer.

Brazos Valley Road.

Calvert, Robertson Co., Texas, March 17.—Yesterday afternoon the first regular meeting of the stockholders of the Calvert-Brazos Valley railroad company was held in the Columbian club rooms, and business begun in earnest. The following officers were elected: Wm. McIntosh, president; L. H. Parish, vice president; John T. Garrett, secretary and treasurer; L. T. Fuller, general manager; L. T. Fuller, L. H. Fuller, L. H. Parish, Wm. McIntosh, Scott Field, M. L. Collar, J. H. Drennan, J. Adoue, L. W. Carr of Hearne and J. T. Garrett, directors. The road will extend from the junction of the International and Great Northern and Hearne and Brazos Valley to Calvert.

BEELER HAS RETURNED.

He Lands at San Antonio in Charge of Two Officers.

San Antonio, March 18.—Charles Beeler, who is charged with embezzling \$50,000 entrusted to him by Wells, Fargo & Co., for delivery to the Southern Pacific pay car, and who was captured last week in Mexico, was one of the passengers of the Southern Pacific railway train when it left Eagle Pass Friday, and was one in the custody of two secret service officials of the express company. When the train reached McDonna, a small station 12 miles southwest of the city, it was met by a hack and Beeler and his two companions left the train at this place and got into the hack, which was driven in direction of the city. Only \$300 in money was found in Beeler's possession at the time of his capture.

TEXAS LEGISLATURE.

The Senate Passes the General Appropriation Bill to Engrossment.

Austin, March 18.—The senate yesterday engrossed the general appropriation bill, but failed to pass it under suspension of the rules. The measure was debated all day and many changes were made. The bill exceeds the last general appropriation bill by about \$169,000. The house finally passed the text book bill. The rest of the session was taken up in consideration of the Confederate pension bill.

Smallpox Stamped Out.

Cleburne, Tex., March 18.—County Physician J. D. Rucker says he believed the smallpox had been entirely stamped out, and when those now convalescing and in detention are well the tents could be removed and the camp abandoned.

Two Hundred Cases at Laredo.

Laredo, Tex., March 18.—State Health Officer Blunt has taken charge of the smallpox at this place. There are now 200 cases in the town and vicinity. The city and county authorities appeal to all Texas for aid for the unfortunates.

Two Cases of Varicoid.

Dallas, March 18.—Two cases of varicoid developed Friday. All smallpox patients are doing well.

Shoots Himself This Time.

Cincinnati, March 18.—Abraham Moses, reported to be a banker at Natchez, Miss., also operating at New Orleans, as a cotton broker, and here as a broker, attempted suicide again here and will likely die. On March 7 he jumped from the suspension bridge while laboring under mental depression. Since then he has been carefully guarded and cared for at the hospital, but he eluded his nurses and guards and shot himself.

Failed to Keep the Agreement.

St. Louis, March 18.—The city of St. Louis has filed suit against the Terminal Railway association and the Union Depot company to forfeit the defendants' bond of \$200,000 given to the city as security for the payment of \$150,000, to a fund for building a bridge when the city might demand it. It is charged that defendants failed to keep their agreement.

Attempted Killing in Illinois.

Nashville, March 18.—Claude Jones was arraigned in the city court and placed under \$500 to appear before the April term of the Washington county grand jury on a charge of attempt to kill Herman Laswell. Miss Jones testified in favor of her lover, and blamed her brother for the assault.

Child Found Murdered.

Tyler, Tex., March 18.—Bill Owens, a farmer living three miles north of town, while plowing unearthed a box which contained a negro baby. He notified officers of his discovery and they are now investigating the affair. The child's head was crushed in and its body was considerably mutilated.

Killing Near New Boston.

New Boston, March 18.—J. A. Stockton, a prominent farmer and stockman, living on Red river, 12 miles north of here, was shot and instantly killed on his farm by a negro tenant. The difficulty occurred over the sale of a horse. The negro is still at large.

Arizona Legislature Adjourns.

Phoenix, March 18.—The Arizona legislature has adjourned. The most notable episode of the closing session was an attempt to censure Speaker Ashurst and Member Adams for unparliamentary and arbitrary conduct in the chair.

General Reyes at New Orleans.

New Orleans, March 18.—Congressmen J. P. Reyes, the leader of the ill-fated Nicaraguan revolution has arrived in the city from Bocas del Toro via Mobile. He is in bad health and undecided about future plans.

Steamer H. B. Young Sunk.

Chattanooga, March 18.—It is reported that the steamer H. B. Young, owned by the American Oak Extract company of Decatur, Ala., used in carrying back, has sunk below Lookout mountain, and that one life was lost.

In a Diplomatic Wrangle.

Washington, March 18.—Germany and the United States are in a diplomatic wrangle over the responsibility for Germany destroyed by the Cuban insurgents. Millions of dollars are involved.

Speaker Reed at Brunswick.

Brunswick, Ga., March 18.—Speaker Thomas B. Reed and daughter have arrived from Washington. He is en route to Jekyll island where he will be the guest of John G. Moore.

A Peculiar Accident.

Victoria, Tex., March 18.—A peculiar accident occurred to the little son of the Rev. W. J. Johnson here. He got hold of a lot of sulphur matches, which he put in his mouth, killing him.

A Drug Store for Drugs.

You cannot expect to receive proper druggist services in a general merchandise establishment any more than you can expect an Eye doctor to properly pull your teeth, it is rational to suppose that a man who devotes his time and attention to one thing can do that one thing better than he who tinkers with many things—giving none the proper time and attention. For this very reason we can give you the best service in the Drug and Prescription line—we devote our time to it exclusively, and to properly attend to a drug business assuredly requires one's whole time and attention. How many druggists in Bryan give the requisite time and attention to the "drug part" of their business? You can count them. We give the Drug business its proper attention, hence we can serve you the best in the drug line.

SERIOUS TROUBLE MAY BE THE OUTCOME.

United States Mail Delayed and a Cen-
sor on Consular Dispatches at
Lake City.

Lake City, Colo., March 18.—The cen-
sorship over telegrams and trains and
the United States mail will involve Lake
City in national, as well as international
consequences. The United States mail
has been tied up at Sapinero for two
hours. On the train was Dr. Cuneo,
the Italian consul, who is acting under
instructions, not only of the legation at
Washington, but on direct cable advices
from Baron de Fava. Dr. Cuneo's tele-
grams have been withheld by a censor
until they have been translated by an
outsider, who thus becomes aware of the
contents before the consul himself. The
state military authority disclaims all re-
sponsibility in the matter. Dr. Cuneo
says he will refer the matter to his gov-
ernment. The trouble here is on ac-
count of a strike in the mines, most of
the strikers being Italians.

OREGON AT MANILA.

The Great Battleship Reaches There and
Is Ready for Duty.

Manila, March 18.—The battleship
Oregon and the Iris have arrived here.
All are well. The Oregon is ready for
active duty, no repairs being necessary.

The entire American force has been
reorganized into two divisions, three
brigades each being formed. General
Lawton has assumed command of the
first division with Generals King, Oven-
shine and Wheaton as brigade command-
ers. General MacArthur's division is
the second, with Generals H. G. Otis
and Hale as brigade commanders. A
separate brigade will be assigned to pro-
tect guard duty, consisting of the
Twenty-third and eight companies of the
Twenty-third infantry.

The Admiral in Good Health.

Rutland, Vt., March 18.—George
Dewey has received a letter from his
father, the admiral, in which he says he
is in good health, although somewhat
fatigued. The admiral expressed the
hope that his task will be finished be-
fore long. Charles Dewey expects that
his brother will arrive in Washington on
or before June 1, and will soon there-
after visit his old home in Vermont.

Dewey Day in Pennsylvania.

Harrisburg, March 18.—A resolution
was offered in the house and adopted,
requesting Governor Stone to name
Monday, May 1, 1899, as "Dewey day,"
and designate the same as a legal hol-
iday.

Beef Inquiry at Omaha.

Omaha, March 18.—The army beef
board of inquiry has arrived in this city
and started work by looking through
the packing plants in South Omaha.
Particular attention was paid to the
point brought out in the testimony of
the Philadelphia physician that he had
seen meat chemically treated at the
Swift plant here. That company main-
tained that the operation the doctor saw
was simply an injection of salt into the
interior of hams for the purpose of pro-
ducing an even cure. The process was
exemplified and a sample of the fluid
submitted to analysis.

Methodists to Raise Funds.

Fort Worth, March 18.—A conference
of bishops and presiding elders of the
Methodist Episcopal church south of
Texas met here and decided to raise
\$200,000 in Texas, pro rata, for an edu-
cational endowment of \$1,500,000 to be
used to advance schools and colleges in
the interest of the church in the south.
Dr. Hammond of Nashville and Bishops
Key and Galloway addressed the meet-
ing. Work to secure funds begins at
once.

Becker Substantiates His Story.

Chicago, Marh 18.—August Becker,
the sausage maker who confessed to
having killed his wife and boiled and
burned her body, took police officers to
the spot in his yard where he had buried
the charred remains. Two baskets of
burned bones were found and Dr. Dor-
sey has identified a portion of them as a
human shoulder blade. A small piece of
the woman's dress was also found.

Heavy Bill of Expense.

Springfield, Ills., March 18.—Adjutant
General Reece has prepared an itemized
statement of the expense of the military
forces engaged in riot duty at Virden
and Pana. The whole amount expended
up to date amounts to \$60,368.28, of
which amount \$58,000 has been paid
direct to members of the Illinois National
Guard and the balance for transpor-
tation and supplies.

Woman Murdered by a Boy.

Cincinnati, March 18.—The murderer
of Mrs. Anthony Steigler of Mount
Lookout, whose dead body was found in
her home by her son, has been found in
Albert Luken, a boy of 16, living with
his widowed mother in Clifton. Luken
was arrested and made a full confession,
saying his motive was robbery. He got
about \$70.

Fatally Wounded With a Pitchfork.

Marshall, La., March 18.—Word has
come from Walnut Prairie that "Bub"
Janney, an extensive land owner, near
there, had a difficulty with some of his
tenants, and one of them plunged a
pitchfork into his breast, inflicting fatal
wounds.

Mrs. Williams Got Judgment.

Wichita, Kas., March 18.—In the
federal court here a jury has given Mrs.
Williams, of Austin, Tex., judgment
for \$42,000 against a defunct National
bank of Arkansas City. Her certificate
of deposit was changed to a certificate
of stock just before the failure.

Pianos! Organs!

No home is complete without a good Piano or Organ. This is an acknowledged fact. ESTEY PIANOS AND ORGANS stand wholly upon their merits. It is impossible to make a better or more perfect instrument than the ESTEY. Time has thoroughly tested them and placed them at the top. There are more than 326,000 Estey's in use—wonderful isn't it. You may have one. Prices very reasonable. Special inducements being offered Bryan people who want good pianos.

DEATH OF "OLD HUTCH."

He Was at One Time the Best Known Man in Chicago.

Chicago, March 18.—With the death of Benjamin P. Hutchinson, "Old Hutch" as he was called, who died at the sanitarium at Lake Geneva, Wis., on Thursday, passed away one of the best known men in Chicago. He was 70 years old and had been an invalid for years.

No man in Chicago in the years between 1860 and 1890 was better known than "Old Hutch." His oddities of dress and his peculiarity of build set him apart from the class of ordinary men, and it was no part of his system to do away with eccentricities of which he was well aware. He came here in 1858 and began to speculate on the board of

B. P. HUTCHINSON.

trade. His deals for the first three years were almost invariably successful. In the war period Mr. Hutchinson's profits reached way up in the millions. His gifts to soldiers and their families were very large, but he did not let anybody know of them. In 1864 he started the Chicago Packing and Provision company, and was one of the hardest working men in its employ. He subsequently organized the Corn Exchange National Bank, of which his son, Charles L. was president for years.

"Old Hutch's" corner of the wheat market in 1888 gave him the greatest fame of his career. He sent the price up to the \$2 mark, and then, for good measure, put it up 5 cents higher. Over a decade has passed since that celebrated corner was engineered. It was successfully plotted for the September wheat of 1888. As far as is known, "Old Hutch" had no associates in the corner. When he began to buy wheat was selling at 86 cents. He bought and continued to buy until two days before the end of the month it sold at closing of the board at \$1.25. Mr. Hutchinson gave notice that night that the next day he would force the price up to \$1.50, but that all shorts might come at once to his office and settle at the closing price of \$1.25. Some of the brokers thought that the notice was a "bluff," and that he could not stand the strain a day longer, but the wise ones went around to the office and settled. On the following day "Old Hutch" pushed wheat up to \$1.50. Those who failed to come to his terms had to put up \$2 the next day. The scene that day in Hutchinson's office has never before or since been paralleled. Long lines of brokers waited in line to settle, and fortunes were made and lost in a few minutes. "Old Hutch," however, relented in many cases and let his victims pay what they could. Those who could settle were forced to pay to the limit.

WILL PASS QUARANTINE.

Arrangements Made Not to Detain Returning Soldiers at Savannah.

Savannah, March 18.—Mayor Myers said that the quarantine upon all shipping from Cuba will go into effect April 15. This is 15 days earlier than heretofore, but it is deemed necessary for the preservation of the health of the city and contiguous country. This arrangement, however, will not interfere with the speedy bringing of the troops in Cuba back home through this port. The war department has already determined that no more transports will come up to this city this season. Arrangements have been made for the disembarkation of all returning troops at Fort Pulaski, on the Tybee island, 14 miles below the city. The post has been made ready for the reception of troops, 1000 at a time. From Fort Pulaski the soldiers will be taken by battalions to the quarantine station, disinfected and brought to the city on lighters. It is thought that upward of 6000 men per week will be returned under the new arrangement, each passing through the disinfecting process.

To Be Held in Montreal.

Lindonville, Vt., March 18.—The decision of Department Commander Harris to hold the next state encampment of the Grand Army of the Republic in Montreal in June will mark an epoch in the history of the order, as this encampment will be the first held by a state commandery outside of the prescribed limits held by the union. Commander Harris believes that the plan will be popular among the veteran comrades. The objects are twofold: first, to benefit and to encourage the Grand Army of the Republic posts which this department has established in Quebec and Montreal, and secondly, to show in a methodical way the cordiality existing between the United States and our neighbors across the border.

Twelve Cottages Burned.

Dallas, March 18.—Twelve cottages were destroyed by fire here at 2 o'clock this morning. The total value will reach \$10,000. Insufficient water given as the cause for so many burning.

(Continued from page 1)

and disappeared. He found temporary shelter with his wife and daughter with some friends on Fifth avenue, and his subsequent place of abode was not learned.

Dr. Piking, house physician of the Windsor hotel, has accounted for all the six bed-ridden patients in the hotel, with the exception of Mrs. James H. Stokes, the widow of General James H. Stokes, who he fears is among the dead.

Twelve little girls were taking dancing lessons from Mrs. Dora Gray Duncan of San Francisco, in a parlor on the fourth floor when the fire started. Mrs. Duncan hurried the children down the stairs and with her two daughters were among the first to leave the building.

An unidentified woman about 30 years old died a few minutes after being taken into the house of Mrs. A. P. Adams. Her legs and breast bone were broken. It was said by one of the employees of the hotel that the woman was from San Francisco. She wore a black silk skirt and a purple waist.

Thomas Ochiltree, who escaped unhurt, lost valuable pictures and bric-a-brac. So dense was the smoke that rolled along Fifth avenue that many sparrows which attempted to fly across were suffocated.

Mrs. Alice Price, sister-in-law of Gov. Candler of Georgia, who is at Bellevue hospital with a broken leg, is reported to be doing well.

Mrs. Sol Smith Russell, wife of the actor, who was registered at the Windsor, was not in the house at the time of the fire, and is safe and well.

Kate Forsythe, the American actress, who arrived from England and who had registered at the hotel, was in Philadelphia at the time of the fire.

Mrs. DeCordova Safe.

New York, March 18.—Mrs. Alfred DeCordova, wife of the well known broker, and who was reported as one of the missing guests of the Windsor hotel, is safe. She was not in the hotel at the time of the fire.

Eleven Bills Vetted.

Guthrie, O. T., March 18.—Governor Barnes has vetted all of the legislative bills remaining in his hands—11 in number. The dead measures are: Increasing taxes and fees of insurance companies; for city treasurers to collect taxes; changing the name of the colored university; authorizing school districts to create a building fund; relating to the carrying of firearms; incorporating the Oklahoma Chautauqua association; increasing the pay of jurors; changing the time of paying taxes; providing for an appeal from justice to probate courts; amending the quarantine law and the school land law. This ends the legislative work, the governor having signed 58 bills and vetoed 24.

Some Lives Cheap.

Helena, Ark., March 18.—Within the last few days three killings have taken place at Holly Grove, a neighboring town in Monroe county. The first killing took place when Lym Nelson, a negro, shot and killed another negro named Lewis Newby, about the ownership of 10 cents in a crap game. Nelson made good his escape. Si Walters shot and killed another negro, named Aaron Bell, about the favors of a negroess with whom both were in love. Walters escaped to a swamp, where he took shelter. He was soon followed by Constable Webb, who shot and killed him with a shotgun as Walters was drawing his pistol to shoot the officer.

Raft of Logs Goes to Pieces.

Chattanooga, Tenn., March 18.—A raft of logs from the mountains for this city went to pieces near the Cincinnati Southern bridge in the Tennessee river, and two raftsmen, George Smith and George Evans, two famous loggers of east Tennessee, were drowned, and four others had a thrilling experience in getting out of the water with their lives. The raft was knocked to pieces by floating debris.

Will Discharge All Who Apply.

Washington, March 18.—General Brooke has been cabled to proceed to the execution of the order providing for the discharge of all soldiers who enlisted in the regular army at the outbreak of hostilities until the cessation of the war, should they apply for such discharge. He will endeavor to reenlist as many as possible, and will fill the vacancies remaining in the regular ranks from volunteers who care to transfer.

Woman Burned to Death.

Springfield, Ills., March 18.—Mrs. Eliza Pope, aged 75 years, and an old resident of this city, was found dead in room, her body burned to a crisp. Mrs. Pope made it a practice for years of setting a lighted candle near her bed when she retired, and the bed clothing had evidently become ignited from this. The discovery was made just in time to prevent a disastrous fire in the house.

Belgians Want Peace.

Antwerp, March 18.—A great peace crusade is in progress throughout Belgium, headed by ex-Secretary Henry Fontaine. Thousands of signatures have been obtained by the clergy, burghers and civil authorities to petitions which are circulating in every class of society for presentation to the peace conference to be held at the Hague.

Horrible Sequel to a Divorce.

Peoria, Ills., March 17.—Andrew Hapeny, a malster, mortally wounded his divorced wife on the street and killed himself. He shot her the second time after she was down, and then turned the weapon on himself, falling dead upon her body. She had refused to return to him.

Pasture Almost Consumed.

San Angelo, Tex., March 18.—E. L. Rucker's pasture of 3000 acres, near Shrewsbury, was almost totally destroyed by fire.

FROM MUMFORD.

Mrs. Steel and Tina, of Steele's store, visited Mumford Sunday. Rev. Lackey filled his appointment here Sunday.
